

Working Memory & Learning

Increase the knowledge and skills of teachers and support staff working in schools.

The aims of this course are to:

- Raise awareness of the impact that poor working memory has on children with a range of other learning difficulties.
- Provide knowledge and skills in using a variety of appropriate strategies to aid children in this area.

Audience

For SENCOs, teachers and support staff, working with children and young people who may have working memory difficulties.

Outcomes

Participants will:

- Have an increased awareness of indicators for poor working memory and assessments that can be used.
- Be able to use a variety of strategies to support working memory in the classroom.
